Sir,

With reference to Government Proceedings 3507-8 / Rt. 531 dated 28th September 1896 regarding the restoration of the tank bed of Hadinaroo Village to the villagers, I have the honor to inform that permission was obtained in the year 1892 from the Government for the use of the tank bed of the Hadinaroo Village for

for grazing the Palace cattle and also for tak
fodder for Palace Elephants, as the supply of gr
from other sources was found insufficient. S
then, the tank bed is in charge of the Palace.-

To restore the entire use of the tank bed to the Villa
now, will greatly tell on the fodder supply to the Pa
cattle and elephants during the hot season when
water is badly felt.

Under the circumstances it suggests to me
after the Palace cattle have grazed the Kaval, instea
letting the Stubble as is usual on contract to t
Villagers to allow them to graze their cattle in the
Kaval free of charge. I am lead to believe
the villagers will be quite satisfied with this a
-ment, as it would enable them to get the K.
lands free of charge, to graze their cattle for
least three or four months in the year, when
is required.

Government Proceedings

No. 3507-8 / G.531 dated 28th September 1896, stating that there is nothing to prevent the Deputy Commissioner from restoring the tank bed of Sadiyanmalai in the Nanjungud Taluk for the use of the villagers.

2. Correspondence ending with letter No. 38 dated 21st May 1897, from the Palace Controller intimating that the restoration of the entire use of the tank bed to the villagers will greatly tell on the fodder supply to the Palace cattle and elephants during the hot season when the waste is badly felt, and suggesting that the after the Palace cattle have

have grazed the Canal the villagers may be allowed to have free use of the stubble grazing.

3 Letter No. 1922 dated 28th June 1897, from the Deputy Commissioner, Mysore Dt., regarding that the proposal of the Palace Controller does not find favour with the villagers who are evidently under the impression that nothing will be left for their cattle to graze in the land after the Palace cattle have used it for some time in the year and stating that there is no other waste land for use as village common for the large number of cattle reared in it. Order thereon.
